

ASR-R ACTIVE SHOOTER RACK

The PROJECT7 **ACTIVE SHOOTER RACK - RETRO** (ASR-R) is a minimal coverage platform designed to provide rapid donning Hard Armor protection for a variety of professional users. Built to carry 10"x12" hard armor plates, the ASR utilizes a one size fits all design and wide range of adjustability to ensure proper fit for a wide variety of body types.

KEYFEATURES

Key features for **ASR** include:

- Adjustable Shoulder Straps allowing for a correct fit
- Integrated anti-slip shoulder surfaces, which allows for better weapon retention
- Kangaroo Style Front Pocket System allowing for gear to be carried in an internal pouch with divider inserts, while leaving MOLLE surfaces available for pouches
- Bottom loading plate pockets designed to prevent plate bouncing
- Front and rear traditional MOLLE/PALS surfaces compatible with a wide variety of pouches
- Drag Strap to facilitate quick rescues
- Integrates with the PROJECT7 ASR-BAG for storage and carrying
- Lightweight and Compact design
