

ILB-AP

INTEGRATED LOAD BEARING ASSAULT PACK

The PROJECT7 **INTEGRATED LOAD BEARING ASSAULT PACK** (ILB-AP) is an all-purpose, compact, assault pack built for broad operational applications both on and off duty.

KEY FEATURES

Key features for **ILB-AP** include:

- External 8"x9.5" front pocket with a large mesh pouch, pen holders, elastic straps, and open top pouches ideal for medical supplies or admin use
- External 9"x13.5", zippered and padded, electronics pocket built to hold laptops, tablets, robot controllers, and other electronic devices
- Large, 11"x16.5" internal compartment lined with webless MOLLE/PALS to allow complete usage for securing/isolating fragile or volatile cargo (i.e. flashbangs, magazines, breaching charges, etc.)
- Webless MOLLE/PALS surfaces on the outside of the pack for additional gear attachment
- Removable shoulder straps with magnetic sternum strap
- ILB-AP is constructed of Blue Force Gear Ultracomp and 500D Cordura

NOTE: ILB-AP is fully compatible with the PROJECT7 ILB vest integration system sold separately.
