

# ILB-OP

INTEGRATED LOAD BEARING OPERATOR PACK

The PROJECT7 **INTEGRATED LOAD BEARING OPERATORS PACK** (ILB-OP) is built to house gas masks, less-lethal munitions, medical supplies or other necessities for the modern tactical operator.

## KEY FEATURES

Key features for **ILB-OP** include:

- External 10.5"x9" front pocket with a large mesh pouch, pen holders, elastic straps, and open top pouches ideal for medical supplies, less-lethal munitions or admin use
- Top internal 10.5"x5", padded, isolated, compartment built to house a gas mask, vertical access gear or other large objects
- Large 10.5"x9" internal compartment large enough to hold a helmet but lined with webless MOLLE/PALS to allow usage of the entire compartment and to allow for securing/isolating fragile or volatile cargo (i.e. flashbangs, magazines, breaching charges, etc.)
- Webless MOLLE/PALS surfaces on the outside of the pack for additional gear attachment
- Removable shoulder straps with magnetic sternum strap
- ILB-OP is constructed of Blue Force Gear Ultracomp and 500D Cordura

**NOTE:** ILB-OP is fully compatible with the PROJECT7 ILB vest integration system sold separately.
